REMOTE, VIRTUAL RETENTION MONITORING SCHEME

- Patients' teeth and retainers will be checked remotely 4 times (every 3 months) through the year.
- Less travelling for parents/patients
- Less time off from the work or school,
- Better way of checking patients' compliance with retainers
- Less chance of major/noticeable relapse

We provide you with a Dental Monitoring Scan-box.

You will be able to send us the scan of your teeth remotely through your mobile phone.

You will be entered to our Dental Monitoring checklist and every 3 months you will be reminded to send us the scan photos of your teeth and retainers.

We will monitor your teeth remotely and will contact you if we see a problem.

£450 **annual subscription** fee will be charged to continue to monitor your teeth at the virtual retention monitoring phase.
